

HIGH SPEED DATA OFFLOAD

For IQC5000B & IQC90000A

IQC-PC8 SERIES

Lightning Fast Data Transfer

The IQC-PC8 Series leverages the blazing speed of Thunderbolt™ 3 technology to transfer data from the IQC5000B and IQC90000A series of capture and record devices to laptops and computers at a transfer rate of up to 40GB per second. That's the equivalent of 4 lanes of a PCIe interface in one Thunderbolt connection!

This ultra quiet, low profile unit is easy to install and is up and running in no time. Simply connect the IQC-PC8 to the IQC5000B or IQC90000A with a PCIe cable then connect to a PC with a Thunderbolt cable. It's that easy!

PRODUCT FEATURES

- Data transfer rate of up to 40GB per second
- Supports daisy chain connections of up to six Thunderbolt devices
- A great solution for laptops without a PCIe slot
- Slim design with a small footprint
- Cooled with Dual ultra-quiet, high efficiency cooling fans
